

The Royal Prince Alfred Yacht Club

ENVIRONMENTAL POLICY

The Royal Prince Alfred Yacht Club acknowledges that we have a responsibility to care for and protect the environment in which we operation. We are fully committed to improving environmental management systems across all of our operational activities and will encourage our tenants and members along with the wider community to join us in this effort.

The Royal Prince Alfred Yacht Club recognises our key environmental impacts to be in the areas of;

- Slipping, lifting and storage of vessels
- Mechanical/service activities
- Facility Management
- Emergency planning
- Marina signage and information

We will strive to:

- Adopt the highest environmental standards in all areas of operation, meeting and exceeding all relevant legislative requirements.
- Access our organisational activities and identify areas where we can minimise our environmental impacts
- Minimise the Clubs waste through careful and efficient use of all materials and energy.
- Purchase sustainable products wherever feasible
- Publicise our environmental position. (Clean Marina Programme)
- Train, educate tenants, members and employees in appropriate, effective and responsible environmental practice and encourage their involvement in our environmental action policies and procedures.
- Reduce risks from environmental, health or safety hazards for employees and others in the vicinity of our operations.
- Aim to include environmental and ethical considerations in investment decisions where appropriate.
- Assist in developing solutions to environmental problems.
- Continually assess the environmental impact of all our operations.

The Royal Prince Alfred Yacht Club have developed a series of action plans to supplement each of our environmental policy objectives. The Royal Prince Alfred Yacht Club will periodically review performance and publish these results.

The policy is made available to the public at the Clubhouse reception and on the Royal Prince Alfred Yacht Club's website www.rpayc.com.au
