# Centreboard Sailing Code of Conduct

## Parents, coaches and volunteers involved in RPAYC Centreboard sailing should:

- Always remember that sailors participate for enjoyment and winning is only part of the fun.
- Never ridicule or yell at sailors for making a mistake or not winning.
- Be reasonable in their demands on sailors' time, energy and enthusiasm.
- Observe the Racing Rules of Sailing at all times and encourage sailors to do the same.
- Not seek unfair advantage by teaching deliberate unsportsmanlike behaviour to sailors.
- Not provide any form of outside help to competitors, other than that permitted under RRS 41.
- Never abuse, threaten or intimidate an official.
- Be responsible for the sportsmanship and actions of sailors before, during and after racing. If a sailor is disrespectful, irresponsible or overly aggressive, take appropriate actions to educate the sailor about unacceptable conduct. Inappropriate behaviour from sailors will not be tolerated regardless of the situation.

## A spectator should:

- Stay off the race course unless requested by the Race Officer or member of the Race Committee to assist a competitor or boat in difficulty.
- Only enter the race course area without such a request for assistance if they see a competitor or boat requiring urgent assistance, if this has not been noticed by the race committee/ one of the safety boats on the course, or a sudden change to the conditions requires that all available boats provide assistance to competitors.
- Remain at least 20m from boats that are racing and 20m outside the layline to the windward mark at all times, unless the Notice of Race / Sailing Instructions provide for greater separation between competitors and spectators.

## Exceptions apply to Green Fleet competitors:

- According to the Notice of Race, 'Any person may provide assistance to Green Fleet competitors but only if approval has been given by the Race Officer'. Generally this approval is assumed, but it may be withdrawn.
- Green Fleet competitors may be given guidance where they appear to be struggling – e.g. trim sails, shift weight, adjust rig etc. They may also be instructed to tack or gybe the boat at an appropriate moment and be reminded of the course, including buoy roundings. However it is not appropriate to follow a single boat around the course giving continuous instructions in a race situation. Time and attention should generally be equally divided among competitors, although the tail end of the fleet may receive extra attention to encourage them to finish the race in a timely fashion not too far behind the leaders. Coach boats should remain aware at all times of other (non-Green Fleet) competitors sharing the race course and avoid impeding those boats wherever possible.

## For Intermediate Fleet Competitors:

- According to the Notice of Race, 'Intermediate Fleet may only be coached by the designated coach as detailed at the round's briefing'.
- Only coaches so designated may give assistance to Intermediate Fleet competitors. Assistance given by unauthorised coaches/ parents may provide grounds for protest or request for redress by other competitors or the Race Committee. This is really just an attempt to give all competitors an even chance in the race, and a step towards the independent thought and actions required of an Open Fleet competitor.

## SAFETY FIRST:

- Whilst all attempts shall be made to follow these guidelines, the overriding consideration in all cases is the **safety of the competitors** (and note that in an emergency situation, boats and equipment are a secondary consideration).

## The RPAYC – Excellence in Sailing

### COMMODORES MESSAGE

---

Welcome to The Royal Prince Alfred Yacht Club Centreboard Sailing Handbook 2019-2020.

As Club Members at the Alfred's we enjoy world class facility, access to one of the best waterways on the planet and a dedicated and skilled group of member volunteers and professional staff to facilitate all our sailing activities under the mantra of "Excellence in Sailing".

Our sailing calendar remains extensive and caters for a full range of sailing interests as well as social activities in and around the Club for Members and their guests to enjoy. In addition to this Handbook, the Club's events calendar can be viewed on the Club's website with special events seen across our social media platforms.

Our strategic goals have and will continue to be very much centered on participation across all levels. I would like to encourage all our Members to make the most of our wonderful facilities, local, extended environs and sailing and training services at the Club to participate in whatever sailing, boating and social activities that spark your interest.

Of course, the Club's "Excellence in Sailing" mantra is shared by everyone. Whether going for a motor around the bay, cruising or racing inshore or offshore, launching our off the beach boats or just getting in and out of the marina, we all should be aiming to be the best sailors that we can. In particular, when we enter the Club and step onto our boats, we have an obligation to the safety and well-being of both ourselves and those with whom we share our magnificent waterways.

Each skipper and or each crew member should also take the time to update themselves with the 2017-2020 World Sailing Racing Rules of Sailing (RRS), Australian Sailing Prescriptions, Special Regulations and other Statutory Rules and Regulations but also ensure that we are all behaving in a responsible and courteous manner on our waterways.

The club publishes a variety of communications to keep you all informed of the many activities and members achievements; there is no excuse to miss anything.

The Club website [www.rpayc.com.au](http://www.rpayc.com.au) offers quick access to news items, updates and all points of interest on offer at the Club. The Club also puts out regular updates through weekly newsletters, posters and social media.

Finally, at the Alfred's we rely heavily on volunteers to assist in all our sailing and other related club activities from Yacht Race, Cruising, Centreboard and other committee involvement, through to on water race management teams. Volunteers are the backbone of our Club and I thank all these members in advance for the time and effort they put in and ask you to do the same when the opportunity arises, or even better offer to help out in a similar manner and enjoy a satisfying and rewarding part of participation and involvement in our sport.

I look forward to seeing you all at the Club and on the water, participating and enjoying our great sport and comradery of fellow members and visitors.

Yours in Sailing,

Michael Lockley  
Commodore

## Rear Commodores Message

Dear fellow centreboard sailors, parents and volunteers,

The 2019-2020 season is set to be a great one with many exciting feature events scheduled to the Centreboard Sailing calendar. Of important note is the NSW Waszp State Championship in October 2019 and NSW Optimist State Championship in March 2020, both being held at the RPAYC. These events are a fantastic opportunity for the Centreboard division to showcase this great Club of ours. The home advantage will not only benefit our competitive sailors but the Club community as a whole. The fantastic thing about our sport is the opportunity to form friendships not only throughout the state but also throughout the world. The best part of it is that you don't have to be an Opti or Waszp sailor to get involved, there is plenty of opportunity to participate in a race management role and this offers a great chance to improve your skills on a state level.

The Committee have also opened entries to fast monohulls and multihulls on a trapezoid course with an upwind finish.

Volunteers are crucial to the success of the Centreboard division. At the moment we have a really healthy pool of volunteers, however we are seeing the same fantastic people volunteering each week. As a result we have a very strong skill base in a narrowing pool of volunteers. In order to capitalise on this skill base for the long term, the Centreboard Committee this year has decided to make it compulsory for all competitors who are 13 years or older on or before the 1st of September 2019 to complete two duties in the season. For all those younger than 13 years, a parent or guardian must complete these two duties on their behalf. This not only ensures the Centreboard division continues to deliver excellence in sailing, but it also provides the opportunity for competitors to see what goes on behind the scenes in race management. The centreboard division is very lucky to have a dedicated volunteer coordinator, Chris Attwood, who sits on the centreboard committee. Chris coordinates the volunteer roster through the dutyman rostering system. Chris won volunteer of the year in 2017 season as a result of his commitment to the Centreboard division. The Club offers a variety of training to all volunteers in race management; members completing outside race management training i.e. RO and Safety Boat courses may be eligible for reimbursement.

I strongly encourage all competitors (and their parents) to have a good look at the SI's and NoR contained in this handbook. They provide the bedrock that racing is conducted upon and it is important you understand them. A friendly reminder of SI 15 referring to the application for average points. You must apply at least 7 days in advance by emailing the Sailing Office. These rules are enforced for everyone's benefit and the integrity of the racing results.

This Sailing season is again a very busy one, and I encourage you to get involved whether that be here at the Club or representing her at outside events.

I wish you all the best for the season and look forward to seeing you out on the water!

Yours in Sailing,

David Taylor  
Rear Commodore Centreboard

# Important Season Information

## Centreboard Committee Meetings

Centreboard Committee Meetings are held on a monthly basis to discuss matters that involve The Royal Prince Alfred Yacht Club and the Centreboard Division. Members are invited to bring any issues surrounding Centreboard and Training to the Centreboard Committee Members to be discussed in an upcoming meeting.

Meetings are regularly held on the second Wednesday of each month at 1830hrs during summers and every second month in winter. If you have a question or issue you wish the Centreboard Committee to address, email the question to [sailing@rpayc.com.au](mailto:sailing@rpayc.com.au) for it to be included in the monthly agenda. The Centreboard Committee also handle 'priority racking' applications and movements.

## Briefing

A briefing for all sailors will be held at the beginning of each race day. Details can be found in the General Notice of Race.

## Signing On and Off

Helmspersons or Crew shall sign on the appropriate sheet immediately after the briefing prior to starting, and sign off within one hour of finishing or retiring from the last race of the day. The 'sign on' and the 'sign off' will be located in the Jack Gale Training Centre. Please note that failing to sign on and off carries scoring penalties as per the Notice of Race and Sailing Instructions found in this Centreboard Handbook.

**Note:** If you are sailing under a different sail number or have any other competitor detail changes, these must be specified when signing on. Failure to do so carries heavy scoring penalties as per the NoR and SI's found in this handbook.

## Daily Presentation and Sausage Sizzle in the Club House

Every week, post racing, a presentation will be held post racing. All sailors are encouraged to attend this presentation, as there is a Sausage Sizzle for all participants and volunteers of the day, as well as prizes for the winners of the day.

## Super Combined Fleet

The Super Combined Fleet racing includes all classes of local Clubs to sail on the one course for the day starting at 1330hrs. Race Management Duties are shared between participating Clubs. You can find the super combined dates in the calendar.

# Centreboard Race Management

## “Be part of the Team”

- The RPAYC Centreboard Division operates with the invaluable assistance of volunteers. Without these volunteers the Club would not be able to conduct racing, and centreboard is proud of its strong volunteering culture. Throughout the season you may volunteer (or be nominated) to fill a variety of positions.
- As outlined in NoR clause 3.10, series competitors must volunteer for race management duties twice throughout the season if they are 16 years of age or older on the 1<sup>st</sup> of September 2019. For those competitors younger than 16 years on the 1<sup>st</sup> of September 2019 require a parent or guardian to complete 2 duties per season on their behalf.
- Series competitors who are 16 years of age or older on the 1<sup>st</sup> of September 2019 will be automatically entered into the volunteer roster (Dutyman system). Series competitors younger than 13 years on the 1<sup>st</sup> of September 2019, will automatically have their nominated parent or guardian entered into the volunteer roster (Dutyman system).
- All volunteering duties will be communicated via the Dutyman System managed by Chris Attwood.
