FAQS

Do I need any previous sailing experience?

No previous experience required! Our expert Instructors will talk everyone through the basics of sailing and have you out on the water practicing your new-found skills. Learning to sail on an Elliott is a fun and exhilarating experience to share with your team.

What do I need to bring?

We will provide all participants with a Personal Flotation Device (lifejacket), as well as sunscreen and some gloves to protect hands.

Participants will not need to purchase new clothing to be prepared for sailing however, it is always cooler out on the water and you may get wet!. We recommend participants bring the following clothing that they don't mind getting wet:

- Enclosed shoes (must be worn at all times)
- Hat and sunglasses
- Shirt and shorts/long pants
- A warm layer/jacket while on the water
- A change of clothes and shoes for after sailing

There is limited space onboard the boats and things may get wet so it is best to take advantage of our complimentary in-club lockers to store your phones and other valuables.

How does the racing work?

Our Race Committee will set a course on Pittwater, either between landmarks or around buoys. Each team is scored 1 point for each place in the race (e.g. 1st = 1 point). The team with the lowest pointscore wins!

Safety and liability

Each person participates at their own risk and will need to sign a liability waiver prior to participating in the event. RPAYC have comprehensive safety procedures that need to be strictly adhered to including a requirement for each participant to wear a life jacket. A safety briefing will be conducted on-shore at the beginning of all sessions. Alcohol consumption is not permitted prior to or during the sailing experience.

Refund & Cancellation

Please refer to the RPAYC website for the most up to date [refund & cancellation policy](#). In the event of severe weather the session may be rescheduled to a mutually agreed date.

GET INVOLVED

RPAYC enable access to sail training and development opportunities across a number of programs, a sample of which are outlined below:

Alfreds Community Sailing

SUPPORTING NOT-FOR-PROFIT

Sail training programs and events for community groups and their families to experience the excitement and social, well-being and health benefits that sailing can provide. Current and past participant groups include emergency frontline workers, SES volunteers, returned veterans and people living with disability and their families.

Youth Competition Support Fund

SUPPORTING YOUTH IN SAILING

The club's commitment to youth sail training has seen graduates go onto sail on the World Match Racing Tour, Olympic Games, Volvo Ocean Race, America's Cup, Rolex Sydney to Hobart as well as various professional sailing circuits. A portion of our membership fees are made available for our young sailors through the Youth Contribution Scheme to subsidise the costs associated with competitive sailing.
