Programs Overview

About Youth Development

Royal Prince Alfred Yacht Club's Youth Development Program was pioneered in 1995 to help develop and enhance young athlete's sailing skills, as well as providing a pathway for youth sailors between 13-25 years old in Club, National and International events.

The club's commitment to youth sail training has seen graduates go onto sail on the World Match Racing Tour, Olympic Games, Volvo Ocean Race, America's Cup, Rolex Sydney to Hobart as well as various professional sailing circuits. In 2014, RPAYC continued this commitment to youth sailing by commissioning and launching a fleet of Elliott 7 one-design keelboats.

RPAYC has two Youth training squads, the Intermediate Youth Development program and the senior Youth Development racing squad.

INTERMEDIATE YOUTH DEVELOPMENT (IYD)

The IYD squad program is open to youth members, aged between 13 and 17, who can demonstrate existing dinghy or keelboat sailing skills and experience fleet racing. The program will introduce the dynamics of sailing a keelboat to sailors, including boat handling and sailing with symmetrical and asymmetrical spinnakers.

YOUTH DEVELOPMENT (YD)

The YD squad program is open to youth members, aged between 16 and 25, who can demonstrate advanced keelboat sailing skills, and a thorough understanding of fleet racing and the Racing Rules of Sailing. The program will focus on technical sailing knowledge and Match Racing development.

Expressions of Interest (EOI)

Expressions of Interest (EOI) for squad programs must be submitted no later than **Friday 31 March 2023**, via the Youth Development webpage: rpayc.com.au/courses/youth-development/

EOI's will be reviewed by the RPAYC Youth Development program co-ordinators and coaching staff. Successful applicants will be notified shortly after the closing period of EOI's, if not beforehand, inviting them to register their commitment to the program.

Regatta team selection will be at the discretion of the RPAYC Youth Development coaches and program coordinators.

Due to there being only two teams allocated for each club at the Interclub Challenge rounds, this will mean only up to ten of the IYD squad will be able to sail on the day. Every effort will be made to give all sailors an opportunity to participate in multiple Interclub Challenge rounds. Each sailor will have the opportunity to sail in at least one round.

For the RPAYC's One Design & Sports Boat Regattas, the entire Youth Development squad will participate in these events.

The following selection criteria will be considered when regatta teams are selected:

1. Availability for events, and indication of availability by requested dates.
2. Attendance and commitment to training sessions.
3. Attitude, behaviour and work ethic during all training, regattas and other club activities
4. Conduct and behaviour to other squad members, coaches and club members.
5. Performance at recent training and events.

Uniform

All sailors will be provided with a long-sleeve shirt as part of the program. This uniform, once provided, must be worn at all training sessions and regattas.

Sailors are reminded that they are representing the club at all times whilst wearing club uniform.

Where to next?

Sailors who demonstrate a high level of keelboat skills may be invited to join the Royal Prince Alfred Yacht Club's Youth Development Squad program. The YD program is offered to sailors between 16-25 years who demonstrate a high level of sailing ability in keelboats or selective classes as well as a deep understanding of the Racing Rules of Sailing.

This course is designed around high-performance sailing across multiple disciplines and is scheduled from May to October 2023. The Youth Development training program also incorporates selective State, National and International level regattas all year round.

Former graduates of the Youth Development Program have gone the international sailing circuit, onto the Americas Cup, Olympic Games, World Match Racing Tour, Volvo Ocean Race & success at world championships. Some graduates have forged their way in the marine industry through contacts met during their involvement in the program and are enjoying success in their area of expertise. Other Graduates are now racing regularly at the club in various fleets such as Centreboard, One Design and Keelboats, and are enjoying their sailing competitively in their respective fleets.

YOUTH COMPETITION SUPPORT FUND

The RPAYC supports specific events, through the Youth Competition Support Fund (YCSF), which are related to the Youth Development program, and which are seen as a valuable asset to the club and the program.

In addition, where participants wish to form a team for a specific event, they may do so & apply and follow the guidelines for funding through the YCSF. Applicants need to meet the criteria of YCSF and conditions. Please note that advanced planning and applications to the club is required. Last minute applications will not meet the criteria.

It is expected that all sailors who receive YCSF funding will be required to assist their time free of charge for activities for the Club in return. Sailors are responsible for maintaining a volunteering log and submitting this to the program co-ordinators.

Where a RPAYC representative Team is entered into an event that has a cash prize, such funds won will be issued to the Club to further boost the program. Where an individually entered team wins funds it is expected that such funds are used to fund further sailing campaigns.

Damage occurring at events; where a team representing RPAYC is issued with a damage invoice for ‘reasonable’ minor damage, the Club will cover the cost as part of the damage deposit requirements per event.

TEAM SELECTION PROCESS FOR EVENTS

Selection trials may be held throughout the year for events funded by the program and the Youth Competition Support Fund.
